

# Weather Instruments

## KEY

An anemometer ...measures wind speed.

A barometer ...measures air pressure.

A hygrometer ...measures moisture content in the air.

A rain gauge ...measures the amount of rain that has fallen over a specific period of time.

Satellites ...photograph large scale air movements from space.

A Thermometer ...measures the air temperature

A Weather Balloon ...measures weather conditions high in the atmosphere.

A Wind Vane ...is an instrument that shows which direction the wind is blowing.
